Accounting and Corporate Reporting Soner Gokten 2017-09-20 We have spent a great deal of time on the continued development of accounting and auditing standards, which are used as a primary component of corporate reporting, to reach today's financial reporting framework. However, is it possible to say that, currently, financial statements provide full and prompt disclosure? Or will they still be useful as a primary element with their current structures in corporate reporting? Undoubtedly, we are deeply concerned about these issues in recent times. This volume contains chapters to discuss the today's and tomorrow's accounting and corporate reporting phenomena in a comprehensive and multidimensional way. Therefore, this book is organized into six sections: "Achieving Sustainability through Corporate Reporting", "International Standardization", "Financial Reporting Quality", "Accounting Profession and Behavioral Aspects", "Public Sector Accounting and Reporting", and "Managerial Accounting".

Financial Statement Fraud Gerard M. Zack 2012-11-28 FINANCIAL STATEMENT FRAUD Strategies for Detection and Investigation Although financial statement fraud is the least frequently encountered fraud, it is by far the most costly, at a median loss of \$1 million per case. Yet, the indirect losses from financial statement fraud—jobs, support, morale, and loyalty—are also significant and almost impossible to measure. Learn how to spot the warning signs before the damage is done. Financial Statement Fraud explores the many different methods of perpetrating financial statement fraud, the accounting principles that are exploited, and the methods to detect and prevent fraud in any organization. Assuming an understanding of basic financial statements and the purpose each serves, as well as basic accounting concepts, author Gerard Zack highlights the many different types of fraud schemes. Financial Statement Fraud provides auditors, fraud investigators, government agencies, and investment analysts with detailed descriptions of the most common or emerging schemes involving the preparation and issuance of fraudulent financial statements. Filling the need for practical guidance on financial statement fraud and the roles and responsibilities within companies, Financial Statement Fraud features: References to pertinent U.S. and international accounting standards violated in the preparation of fraudulent financial statements A wide range of detection tools, from the simplest of ratios to complex analyses and tests, as well as fraud indicators A comprehensive, global approach that includes U.S. GAAP and IFRS Red flags and ratios to help you detect financial statement fraud schemes Coverage of auditor liability: when is an auditor liable for failing to detect fraud? Real-world cases that illustrate many of the fraud schemes featured throughout the book A companion website includes copies of SEC Accounting and Auditing Enforcement Releases (AAERs), complaints that were filed, and various other documents associated with most of the cases cited in the book. These documents provide all of the details associated with each case, enabling researchers to perform their own analysis to more fully understand the schemes and relate them to the detection tips provided in the book. Financial statement fraud can cost an organization more than just revenue. Arm yourself with the knowledge to identify where it happens, when to expect it, and how to detect it with the expert guidance found in Financial Statement Fraud.

Estimates of National Expenditure South Africa 2002

The 9/11 Commission Report Thomas Kean 2012-02-10 Nearly three thousand people died in the terrorist attacks of September 11, 2001. In Lower Manhattan, on a field in Pennsylvania, and along the banks of the Potomac, the United States suffered the single largest loss of life from an enemy attack on its soil. In November 2002 the United States Congress and President George W. Bush established by law the National Commission on Terrorist Attacks Upon the United States, also known as the 9/11 Commission. This independent, bipartisan panel was directed to examine the facts and circumstances surrounding the September 11 attacks, identify lessons learned, and provide recommendations to safeguard against future acts of terrorism.

Alison Green 2018-05-01 'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of The No Asshole Rule and The Asshole Survival Guide 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of The Life-Changing Magic of Not Giving a F*ck A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the stormy seas of office life.
