Data-Driven 3D Facial Animation Zhigang Deng

2007-10-05 Data-Driven 3D Facial Animation systematically describes the important techniques developed over the last ten years or so. Although 3D facial animation is used more and more in the entertainment industries, to date there have been very few books that address the techniques involved.

Comprehensive in scope, the book covers not only traditional lip-sync (speech animation), but also expressive facial motion, facial gestures, facial modeling, editing and sketching, and facial animation

Machines of the Mind Katharine Breen 2021-05-17
"Katharine Breen challenges our understanding of how medieval authors received philosophical paradigms from antiquity in their construction and use of personification in their writings. She shows that

our modern categories for this literary device (extreme realism versus extreme rhetoric, or novelistic versus allegorical characters) would've been unrecognizable to their medieval practitioners. Through new readings of key authors and works--including Prudentius's "Psychomachia," Langland's "Piers Plowman," Boethius's "Consolation of Philosophy," and Deguileville's "Pilgrimage of Human Life"--she finds that medieval writers accessed a richer, more fluid literary domain than modern critics have allowed. Breen identifies three different types of personification--Platonic, Aristotelian, and Prudentian--inherited from antiquity that both gave medieval writers a surprisingly varied spectrum with which to paint their characters, while bypassing the modern confusion of conflicting relationships between personifications and persons on the path connecting divine power and human frailty. Recalling Gregory the Great's phrase "machinae mentis" (machines of the mind), Breen

Downloaded from

demonstrates that medieval writers applied personification with utility and subtlety, much the same way that, within the category of hand-tools, an open-end wrench differs in function from a hex-key wrench or a socket wrench. It will be read by medievalists working at the crossroads of religion, philosophy, and literature, as well as scholars interested in character-making and gendered relationships among characters, readers, and texts beyond the Middle Ages"--*Roadmap to the AIMS High School Reading* Jennifer Humphries 2005-11-08 The Roadmap series has been proven to help students across the country excel on standardized tests—and now new editions are available for the Arizona Instrument to Measure Standards (AIMS) tests. Not only will these guides teach students how to ace the exams, but they will also help them improve their math and reading skills so that they can earn higher grades in school. Each book contains two full-length practice tests,

complete with comprehensive explanations for every solution. The lessons are structured like those on the actual AIMS exams—plus each book contains an additional 100 practice questions within the lessons.

Writing Well Grade 6

(ENHANCED eBook) Avaly McGinley 2001-09-01 This book is designed to be used with most sixth grade English language texts and provides practice in writing sentences, paragraphs, and stories, and introduces proofreading symbols. Each page in the book introduces a new concept or skill with a definition, rule, or instruction clearly stated at the top of the page. Learning different kinds of words (nouns, verbs, etc.) and their relationship to each other (grammar) helps children develop confidence and skill in using language. Answer key included.

Engage: College Reading Ivan Dole 2012-01-01 Taking a holistic approach to developmental reading, *ENGAGE: COLLEGE READING* is the third book in a 3-book series, covering reading levels grades 10-12. It guides students through a stepped and incremental approach, activating background or prior knowledge as many of the skills students need to become critical readers are skills they already possess and use on a daily basis. Often using popular media as a springboard, Dole and Taggart show students how the skills used when

watching television or movies can easily transfer to their academic reading. In this third book, Engage offers a much greater emphasis on critical thinking, academic reading and reading for careers. Reviewers have lauded the inclusion of varied, interesting readings that will stimulate students' interest in reading and will provide them with background knowledge needed for the most popular college courses.

Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Academic Vocabulary: 25 Content-Area Lessons Level 4 Christine Dugan 2011-06-01 Integrate academic vocabulary instruction into content-area lessons with this engaging new resource for Level 4, which provides teachers with 12 easy-to-implement strategies for teaching academic vocabulary. Included are 25 step-by-step standards-based lessons that each incorporate two vocabulary strategies. Also included are activity pages and

assessments, an answer key, and a Teacher Resource CD. This resource is correlated to the Common Core State Standards. 176pp.

Jumpstarters for Figurative Language, Grades 4 - 8 Jane Heitman 2008-09-02 Facilitate a love of language with students in grades 4 and up using Jumpstarters for Figurative Language: Short Daily Warm-Ups for the Classroom! This 48-page resource covers dictionary imagery, similes, metaphors, adages, idioms, clichés, personification, allusions, symbolism, hyperboles, and synecdoche. It includes five warm-ups per reproducible page, answer keys, and suggestions for use.

Human Rights, Inc. Joseph R. Slaughter 2009-08-25 In this timely study of the historical, ideological, and formal interdependencies of the novel and human rights, Joseph Slaughter demonstrates that the twentieth-century rise of “world literature” and international human rights law are related phenomena.

Slaughter argues that international law shares with the modern novel a particular conception of the human individual. The Bildungsroman, the novel of coming of age, fills out this image, offering a conceptual vocabulary, a humanist social vision, and a narrative grammar for what the Universal Declaration of Human Rights and early literary theorists both call “the free and full development of the human personality.”

Revising our received understanding of the relationship between law and literature, Slaughter suggests that this narrative form has acted as a cultural surrogate for the weak executive authority of international law, naturalizing the assumptions and conditions that make human rights appear commonsensical. As a kind of novelistic correlative to human rights law, the Bildungsroman has thus been doing some of the sociocultural work of enforcement that the law cannot do for itself. This analysis of the cultural work of

law and of the social work of literature challenges traditional Eurocentric histories of both international law and the dissemination of the novel. Taking his point of departure in Goethe's Wilhelm Meister, Slaughter focuses on recent postcolonial versions of the coming-of-age story to show how the promise of human rights becomes legible in narrative and how the novel and the law are complicit in contemporary projects of globalization: in colonialism, neoimperialism, humanitarianism, and the spread of multinational consumer capitalism. Slaughter raises important practical and ethical questions that we must confront in advocating for human rights and reading world literature—imperatives that, today more than ever, are intertwined.

The Personification of Wisdom Alice M Sinnott

2017-07-05 This book examines the personification of Wisdom as a female figure - a central motif in Proverbs, Job, Sirach, Wisdom and Baruch. Alice M.

Sinnott identifies how and why the complex character of Wisdom was introduced into the Israelite tradition, and created and developed by Israelite/Jewish wisdom teachers and writers. Arguing that by personifying Wisdom the authors of Proverbs responded to Israel's defeat by Babylon and the loss of Davidic monarchy, and by retrieving and transforming the Wisdom figure the authors of Sirach, Baruch and Wisdom responded to the spread of Hellenism and the potential loss of identity for Jews. Sinnott concludes that personified Wisdom functioned to reinterpret and transform the Israelite/Jewish tradition.

The Handy Literature

Answer Book Daniel S. Burt
2018-07-01 From the epic of Gilgamesh to Aristotle and Cicero, and from Shakespeare and the King James Bible to Wuthering Heights, War and Peace, The Adventures of Huckleberry Finn and the Nobel-winning lyrics of Bob Dylan, the world of literature is an integral part of our lives. Great literature can shape and form thoughts and opinions as well as influence politics and predict the future. Reading can truly enrich our lives, but it can sometimes be daunting to get the most out of a great work of literature. The Handy Literature Answer Book: Understand and Enjoy Meanings, Symbolism, and Signs in Great Works is an engaging, easy-to-read look at literature basics such as

themes, symbols, context, and other literary devices. Different literary forms, including novels, poems, plays, short stories, memoirs, and literary nonfiction are analyzed. Hundreds of important stories and great works are used as illustrative examples. Learn about the five basic questions for any work of literature, including "What is the significance of a title?" "What is conflict?" "What is character development?" "What is point of view?" "How does a setting affect a story?" "What are the different schools of literary criticism?" and many more. Bringing the most out of the reading experience, The Handy Literature Answer Book deciphers and analyzes stories, novels, and verses through insightful in-depth answers to nearly 400 common questions. You will also read about such fascinating tidbits as ... • What are the key components of literature? • How is reading literature different from other kinds of reading? • Why is artful reading so hard? • What do poems do? • How should a

poem be read for its comparisons—metaphors and similes? • What, according to Poe, should be the method of the short story writer? • How do you recognize the difference between story and plot in a short story? • How can you recognize a symbol? • What are the defining characteristics of the novel? • How did the novel evolve from a popular literary entertainment to the modern novel? • What is the difference between drama and theater? • What is the best way to understand and appreciate Shakespearean drama? • What approaches should you take in reading an essay? • What are characteristics of a memoir? This handy primer also includes a glossary of essential literary terms, a timeline, a helpful bibliography, and an extensive index, adding to its usefulness. Making reading more enriching, rewarding, and enjoyable, *The Handy Literature Answer Book* is a wonderful, eye-opening read! What Every Middle School Teacher Needs to Know about Reading Tests (from Someone who Has Written Them)

Charles Fuhrken 2011-12 Tests require a special kind of savvy, a kind of critical thinking and knowledge application that is not always a part of classroom reading experiences. Who better to teach you how to prepare your students for reading tests than someone who has written them? Charles Fuhrken has spent years working with several major testing companies and contributing to the reading assessments of various testing programs. What he's learned about testing can help teachers who are interested in teaching effective reading strategies as well as preparing students for reading tests. *What Every Middle School Teacher Needs to Know About Reading Tests (From Someone Who Has Written Them)* offers extensive, practical strategies to help students perform well on test

day. This ready-to-use, easy-to-understand resource provides a wealth of information about reading tests, including high-quality preparation materials, samples of the most frequently assessed reading standards, and engaging core-reading activities. Charles takes the mystery out of reading tests; he explains how students can learn the language of tests and apply their knowledge of reading to standardized tests. In addition to providing information about reading tests that will help students feel prepared and confident on test day, *What Every Middle School Teacher Needs to Know About Reading Tests* provides a wealth of resources that can be incorporated into a teacher's everyday reading work, including vocabulary development, literary techniques, interpretation, comprehension, and more.

Figurative Language Quick Starts Workbook Jane Heitman 2019-01-02 The Figurative Language Quick Starts workbook features activities that include multiple

choice, fill-in-the-blank, concept application, and creative responses. Quick starts explain and illustrate each of the types of figurative language included: imagery, simile, metaphor, personification, allusion, symbolism, hyperbole, and more. Each page features two to four quick starts that can be cut apart and used separately. The entire page may also be used as a whole-class or individual assignment. The Quick Starts Series provides students in grades 4 through 8+ with quick review activities in science, math, language arts, and social studies. The activities provide students with a quick start for the day's lesson and help students build and maintain a powerful domain-specific vocabulary. Each book is correlated to current state, national, and provincial standards. Mark Twain Media Publishing Company specializes in providing engaging supplemental books and decorative resources to complement middle- and

upper-grade classrooms. Designed by leading educators, the product line covers a range of subjects including mathematics, sciences, language arts, social studies, history, government, fine arts, and character.

The 'Powers' of Personification

Joseph R. Dodson 2008-12-10

While scholars have often found value in comparing Wisdom and Romans, a comparison of the use of personification in these works has not yet been made, despite the striking parallels between them. Furthermore, while scholars have studied many of these personifications in detail, no one has investigated an individual personification with respect to the general use of the trope in the work. Instead, most of this research focuses on a personification in relation to its nature as either a rhetorical device or a supernatural power. The 'Powers' of Personification seeks to push beyond this debate by evaluating the evidence in a different light - that of its purpose within the

overall use of personification in the respective work and in comparison with another piece of contemporaneous theological literature.

Young Children's Naive Thinking about the Biological World Kayoko

Inagaki 2002 Presents research on the topic of young children's naive biology, examining such theoretical issues as processes, conditions and mechanisms in conceptual development using the development of biological understanding as the target case.

Against the Personification of Democracy Wesley C.

Swedlow 2011-12-22 Against the Personification of Democracy offers a new theory of political subjectivity that puts the dilemma of desire into the forefront. By using Lacan to read key figures in political philosophy, the book demonstrates why democratic theory -- representative or radical - is not only ineffective when it comes to the best form of political cohabitation, but also productive of destructive and self-defeating forces. The

Downloaded from

kamagrauk-shop.com on

August 11, 2022 by guest

book begins with the debate between Hobbesian and Lockean notions of subjectivity to argue that the nature of political subjectivity is a function of the problem of desire. It then considers the question of the proper structure of political cohabitation in light of Hannah Arendt's insights into what happened to the stateless in World War II, leading to a distinction between the person in a bare and unadorned form and the public persona that is represented in most forms of democracy. Lacan is used to reread the question of political subjectivity, but, unlike radical democratic theory, the book argues against agonistic, representative, and thus endless democracy. Such a political formation is seen as an instigation and ultimate disappointment to desire (the persona), which leads to general negative outcomes, including genocide, concentration camps, and the removal of rights. Arguing against Žižek's proposal that a radical Act can save us

politically, the book proposes a universal political formation as the only way out of the dilemma of political desire. This formation is not dependent on public personas, but rooted in actual persons meeting in their locality and sovereign to no one. An indispensable text for anyone interested in political theory, political philosophy, and democratic theory, *Against the Personification of Democracy* critiques positive theories of sovereignty through its analysis of political subjectivity and the problem of desire. More importantly, it provides a truly universal theory of democratic cohabitation that escapes political desire and thus the scapegoats of democratic failure, not to mention the anxiety of the impossibility of the democratic promise.

Trouble Gary D. Schmidt

road one night in the form of a pickup truck that strikes Henry's older brother, Franklin. In the truck is Chay Chouan, a young Cambodian from Franklin's preparatory school, and the accident sparks racial tensions in the school—and in the well-established town where Henry's family has lived for generations. Caught between anger and grief, Henry sets out to do the only thing he can think of: climb Mt. Katahdin, the highest mountain in Maine, which he and Franklin were going to climb together. Along with Black Dog, whom Henry has rescued from drowning, and a friend, Henry leaves without his parents' knowledge. The journey, both exhilarating and dangerous, turns into an odyssey of discovery about himself, his older sister, Louisa, his ancestry, and why one can never escape from Trouble.

Writing Awesome Answers to Comprehension

Questions (Even the Hard Ones) Nancy Boyles

2021-05-04 Help students appreciate texts and write about them with conviction.

Responding to a

comprehension question is a surprisingly complex task. It draws on multiple skills: students must be able to read and analyze a text passage; consider what aspect of the text the question addresses; and then quickly and concisely write about their ideas, citing evidence to support them.

Hence the prominence of constructed-response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step-by-step demonstration of how to help students achieve success with this task—and in the
