Pearson IIT Foundation Chemistry Class 7 Trishna Knowledge Systems Pearson IIT Foundation Series, one of the most reliable and comprehensive source of content for competitive readiness, is now thoroughly updated and redesigned to make learning more effective and interesting for students. The core objective of this series is to help aspiring students understand the fundamental concepts with clarity, in turn, helping them to master the art of problem-solving. Hence, great care has been taken to present the concepts in a lucid manner with the help of neatly sketched illustrations and well thought-out real-life examples. As a result, this series is indispensable for any student who intends to crack high-stakes examinations such as Joint Entrance Examination (JEE), National Talent Search Examination (NTSE), Olympiads-Junior/Senior/International, Kishore Vaigyanik Protsaahan Yojana (KVPY), etc. The series consists of 12 books spread across Physics, Chemistry, and Mathematics for classes VII to X.

The Diary of a Young Girl
Ann Frank 2010-09-15
THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank’s remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the diary’s first publication with a new introduction by Nobel Prize-winner Nadia Murad “The single most compelling personal account of the Holocaust ... remains astonishing and excruciating.”—The New York Times Book Review
In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

LAKHMIR SINGH’S SCIENCE CHEMISTRY FOR ICSE CLASS 7 LAKHMIR SINGH & MANJIT KAUR
SERIES OF BOOKS FOR CLASS 1 TO 8 FOR ICSE SCHOOLS. The main goal that this series aspires to accomplish is to help students understand difficult scientific concepts in a simple manner and in an easy language.

As the book has been designed strictly according to the NCERT Textbook of Science for Class VII and contains simplified text material in the form of quick reading notes and answers to all the questions in lucid language, it for sure will help the Class VII students in an effective way for Science.

HONEYCOMB
Joanne M Harris 2021-06-03
AN astonishing, richly interwoven story from #1 bestselling author Joanne M. Harris (The Gospel of Loki, Chocolat), beautifully illustrated by the multiple award-winning Charles Vess (Starburst, The Books of Earthsea). Long ago and far away, Far away and long ago, The World was honeycomb, we know, The Worlds were honeycomb. The beauty of stories is that you never know where they will take you. Full of dreams and nightmares, Honeycomb is an entrancing mosaic novel of original fairy tales from bestselling author Joanne M. Harris and legendary artist Charles Vess in a collaboration that’s been years in the making. Dark, gripping, and brilliantly imaginative, these magical tales will soon have you in their thrall. Each original tale is a small piece of the larger picture – a clue or a message, a theme, or a warning – interwoven with the tale of the Lacing King as he travels the Worlds and encounters a multitude of characters: a toymaker who wants to create the perfect wife, a princess whose heart is won by words, not actions; a tiny dog whose confidence far outweighs his size; and the vengeful Spider Queen, and deadly Harlequin. . . . Turn the page, and be swept up in the adventure. Perfect for fans of Sandman, The Djinns in the Nightingale’s Eye, Piranesi and The Midnight Library, this tour de force is a beautiful achievement, from two exceptional creators at the top of their game.

LONGMAN ACTIVE SCIENCE 6
NARAYANAN VIDHU 2009-09

UNIVERSAL SCIENCE BY PEARSON FOR CBSE CLASS 7
ANUPAMA BHANDARI Recommended for primary and middle school students, Universal Science is a series of eight books that adheres to the National Curriculum Framework (2005). The books have been designed in accordance with the latest guidelines laid down by the National Council of Educational Research and Training. The series is based on extensive feedback received from teachers and education consultants experienced in teaching and interacting with students in this age group. All the books present concepts and provide exercises with the view to nurturing scientific temperament in young learners. The well-structured chapters, interspersed with interesting information and questions make learning almost effortless. Together with the activities that instill the spirit of experimentation, the detailed coverage of topics and the variety of exercises lend the textbooks the right balance between the theoretical and practical aspects of Science.

LONGMAN VISTAS 7
Singh Vipul 2009-09

All in One Social Science 7th
Anupam Anand 2021-04-15
Reasoning which is a equally weighed section in many competitive examinations tests the thinking power and mind applicability skills of the candidates. The questions of reasoning asked in various competitive examinations are not easy to solve without having enough practice. The Hand on Guide to Analytical Reasoning & Logical Reasoning will help aspirants master the ‘Tricks of the Trade’ as it covers analytical reasoning and logical reasoning comprehensively. This book has been divided into two Sections - Analytical Reasoning and Logical Reasoning each sub-divided into number of chapters with different types of questions of multiple patterns asked in various exams. The Analytical Reasoning section covers Seating Arrangement, Complex Arrangement, Rankings & Time Sequence Test, Blood Relations, Direction Sense Test, Conditions & Grouping and Simple & Code/Inequality whereas the Logical Reasoning section covers Syllogism, Statement & Assumptions, Statement & Arguments, Passage & Conclusion, Statement & Course of Action, Decision Making, Assertion & Reason, Cause & Effect and Input-Output. Ample numbers of solved problems have been covered in each chapter followed by practice exercises at the end to help aspirants revised and practice the concepts discussed in each chapter. Also the book contains previous years’ solved questions of different competitive examinations like CAT, MAT, CMAT, Bank (PO/Clerk), UPSC, SSC and other state PSC Exams, etc. to help aspirants get an insight into the types of reasoning questions asked. The book will be highly useful for aspirants preparing for Management (CAT, XAT, CMAT, IIFT, SNAP & other), Bank (PO & Clerk), SSC (CGL/CPO), UPSC & other state PSC Exams, etc. As the book covers Logical and Analytical Reasoning both in detail with ample number of solved problems, it for sure will help aspirants prepare both the types in a thorough manner and will act as a hand on guide to analytical reasoning & logical reasoning.

HISTORY, GEOGRAPHY AND CIVICS
John Buchanan 2013-09-09
History, Geography and Civics provides an in-depth and engaging introduction to teaching and learning socio-environmental education from F-6 in Australia and New Zealand. It explores the centrality of socio-environmental issues to all aspects of life and education and makes explicit links between pedagogical theories and classroom activities. Part I introduces readers to teaching and learning history, geography and environmental studies, and civics and citizenship, as well as issues in intercultural and global education. Part II explores the use of media and sources, values and attitudes, assessment and creative teaching. Each chapter provides links to the Australian Curriculum, including cross-curriculum priorities: sustainability, Aboriginal and Torres Strait Islander education, and Asia and Australia’s engagement with Asia. History, Geography and Civics encourages the reader to consider their own beliefs, values and attitudes in relation to their teaching and includes provocations and reflective questions to foster discussion and engagement.
The Adventures of Sherlock Holmes
Arthur Conan Doyle 2019-05-26
The Adventures of Sherlock Holmes is a collection of twelve short stories by Arthur Conan Doyle, featuring his fictional detective Sherlock Holmes. It was first published on

14 October 1892; the individual stories had been serialised in The Strand Magazine between July 1891 and June 1892. The stories are not in chronological order, and the only characters common to all twelve are Holmes and Dr. Watson. The stories are related in first-person narrative from Watson’s point of view.In general the stories in The Adventures of Sherlock Holmes identify, and try to correct, social injustices. Holmes is portrayed as offering a new, fairer sense of justice. The stories were well received, and boosted the subscriptions figures of The Strand Magazine, prompting Doyle to be able to demand more money for his next set of stories. The first story, “A Scandal in Bohemia”, includes the character of Irene Adler, who, despite being featured only within this one story by Doyle, is a prominent character in modern Sherlock Holmes adaptations, generally as a love interest for Holmes. Doyle included four of the twelve stories from this collection in his twelve favourite Sherlock Holmes stories, picking “The Adventure of the Speckled Band” as his overall favourite.The Adventures of Sherlock Holmes were well received upon their serialisation in The Strand Magazine. Following the publication of “A Scandal in Bohemia” in July 1891, the Hull Daily Mail described the story as being “worthy of the inventive genius” of Doyle. Just over a year later, when Doyle took a break from publishing the short stories upon the completion of The Adventures of Sherlock Holmes, a piece in the Belfast News Letter reviewed a story by another author in The Strand Magazine saying that it “might have been read with a moderate amount of interest a year ago”, but that “the unique power” of Doyle’s writing was evident in the gulf in quality between the stories. The Leeds Mercury particularly praised the characterisation of Holmes, “with all his little foibles”, while in contrast the Cheltenham Looker-On described Holmes as “rather a bore sometimes”, noting that “the characters of the books are so good” that the correspondent for Hampshire Telegraph lamented the fact that Doyle’s more thoughtful writing, such as Micah Clarke, was not so popular as the Holmes stories, concluding that an author “who wishes to make literature pay must write what his readers want”[Wikipedia]

LAKHMIR SINGH’S SCIENCE FOR CLASS 6
LAKHMIR SINGH & MANJIT KAUR

LONG WALK TO FREEDOM
Nelson Mandela 2013-04-25
THESE memoirs from one of the great leaders of our time are ‘essential reading for anyone who wants to understand history – and then go out and change it’ Barack Obama
The riveting memoirs of the outstanding moral and political leader of our time, Long Walk to Freedom brilliantly re-creates the drama of the experiences that helped shape Nelson Mandela’s destiny. Evotive, compelling and uplifting, Long Walk to Freedom is the exhilarating story of an epic life; a story of hardship, resilience and ultimate triumph told with the clarity and eloquence of a born leader. Enthralling. . . Mandela emulates the few great political leaders such as Lincoln and Gandhi, who go beyond mere consensus and move out ahead of their followers to break new ground’ Sunday Times ‘The authentic voice of Mandela shines through this book . . . humane, dignified and magnificently unbittered’ The Times ‘Burns with the luminosity of faith in the invincible nature of human hope and dignity. . . Unforgettable’ Andre Brink
